EVE Pilot 9.17.25

URL=<http://www.macrolab-online.com/downloads/evepilotsetup.exe>

Size=33357257

MD5=aa0d0878f6b7198b8f9d5e507471b430

Fleet advert is fixed after recent eve update.

Please report in case of any problems. I added minor changes to refit and repair procedures last time.

Should not affect stability of the bot but who knows.
