

Abyss Hunter updated: 10.0.17

Posted by Slav2 - 2020/12/27 15:27

EVE Pilot 10.0.17

URL=<http://www.macrolab-online.com/downloads/evepilotsetup.exe>

Size=27780175

MD5=2d04e1ab3e8598d07a04cfaf24700280

Fast multiple frigate locking procedure implemented

Drone damage control improved. Enable logs to see tooltips explaining what is going on with drones to adjust your drone safe level and damage sensitivity

Possibility to skip initial refit procedure if you fitted ship manually

Added checkbox to start abyss hunter in test server. First run if required if you activate it
