

Bot dont do Storyline Missions.

Posted by LJstc - 2021/08/12 21:38

A Question:

my bot dont do Story missions to level up Fractioin Standing .. only Corp Levels go up..

i enabled the Storyline Mission Module .. and Ticked Level Home Station Standing, Acceot Important Courier and Trade Missions

also checked Cancel Offered Not Imp. Missions and Cancel Other Important Missions.

What i am doing wrong that bot also does Storyline Missions for leveling Fraction level? .. Thanks!

Bot will not do existing storyline missions but will get new missions in particular storyline agents. If you level standing for caldari navy set home station to be sobaseki, transport ore here so bot will receive all implants from trade missions here.

If there is variation where storyline mission may appear, bot will block agent (will not take mission from it) and new mission will appear at correct agent
