

## Abyssal Hunter MTU

Posted by erussell - 2021/03/17 20:44

---

Hey Slav this might have already been posted somewhere but what could we as a community do to help get a MTU function with the Abyss hunter? I'm more than sure we as a group would volunteer to help test ect. As I run t4 abyssals and ot could increase income quite quite bit grabbing the extra nodes I run most sites in 10-14min at the moment

Guys, trust me I ran Abyss 15k+ times on 7 accounts - only T2 abyss can be ran with a 90% guarantee to not die. You will eventually die for one of the following reason:

- vpn/internet disconnect - it happens from time to time
  - during orbiting high damage npc you will get into speed cloud and will get off boundaries and die to abyss damage
  - if you spawned in a room with lots of marshal cruisers you will certainly die - it mostly happens like 1 time every 20 runs

Hello,

Could you share your ship fitting ?

Thanks
