

Failed to get system list

Posted by Zdzichu - 2018/12/19 17:02

Slav, after last update everything running smoothly, today i received these information.

I suspected that data base with systems was empty, but I changed FW side and is still that same problem.

Problem occur when bot wanna put system name in mailbox

18:58:51: FWRouter(230)

18:58:52 (138) Close window function finished. Code 1, Func : CloseWindow
18:58:52 (139) newmessage is closed. Opening..., Thread=Processor, Func : OpenWindow
18:58:54 (141) Window opened (newmessage). Code 1, Func : OpenWindow
18:58:55 (141) Failed to get system list...Ex: No exceptions occurred, Func : FWRouter
18:58:55 (141) Failed to get system list...Ex: No exceptions occurred, Func : FWRouter
18:58:55 (141) Failed to get system list...Ex: No exceptions occurred, Func : FWRouter
18:58:55 (142) Failed to get system list...Ex: No exceptions occurred, Func : FWRouter
18:58:55 (142) Failed to get system list...Ex: No exceptions occurred, Func : FWRouter
18:58:56 (142) Failed to get system list...Ex: No exceptions occurred, Func : FWRouter

Re: Failed to get system list

FW depends on CCP API server. Autotrader does not work, FW does not work. Repeat trying, that is all what I can suggest atm.
